Re: Work Plan Addendum IV dated July 14, 2003  
Hilliards Creek Site, Gibbsboro, NJ  
Administrative Order on Consent for Removal Action  
Index No. II CERCLA 02-99-2037

Dear Mrs. Capichioni:

I have reviewed the Work Plan Addendum IV for the Hilliards Creek Site, dated July 14, 2003, that you submitted to my office on behalf of your client Sherwin Williams. After reviewing the document it was clear that the workplan is consistent with the original workplan that was approved by EPA in November of 1999 and the previous approved workplan addendums for the sampling in and along Kirkwood Lake. I hereby give my approval of the workplan to conduct additional residential sampling along Kirkwood Lake in Voorhees Township, NJ.

It is my understanding that you plan to begin collecting samples on August 13, 2003, which will include a re-sampling of one residential property, in addition to 3 other properties in order to determine if any additional access restriction measures need to be taken. I will be there on the 13<sup>th</sup> in order to accompany you or your representatives to the residential properties in case property access becomes an issue.

If you have any questions regarding this matter please do not hesitate to call me at (732)321-6647 or email at [Green.Bonnie@epa.gov](mailto:Green.Bonnie@epa.gov).

Respectfully,

Bonnie L. Green,  
On Scene Coordinator
